Patricia Huxley, Secretary

SES Tutoring Program

As a result of the federal No Child Left Behind Act, it is mandated that the town of Weymouth offer supplemental educational services to its Title I schools, because it is in its second year of school improvement or more. One of these services is tutoring. Eligible children can receive additional support, outside of regular school hours, in the areas of math, reading, and English language arts. To be eligible for this tutoring program, your family must be considered low income according to state guidelines. If your child receives free or reduced lunch, then they would qualify for these services.

You may choose a supplemental educational services program that best meets the needs of your child. Listed below is a list of approved tutoring programs in your area. These programs have been approved by the Massachusetts Department of Elementary and Secondary Education and will provide your child with tutoring that is coordinated with what is being taught in school along with targeted goals for your child. In addition to outside vendors, Weymouth Public Schools has been designated as an approved tutoring provider, thus providing the convenience of acquiring tutoring services within our own school community. The first session will begin in October and the second session will begin in February. Please contact Mr. Jeremy Burm if you have any questions about these services or if you would like to enroll your child in a program.

Please Scroll down to see the current provider list.

Supplemental Educational Services

Approved Provider List (October 17, 2011):
Serving any Grades
Serving Any Subject
Serving District(s): Weymouth Public Schools

NOTE: Please check with the individual school or district for details regarding supplemental educational services for students attending a particular school. Not all schools are required to offer supplemental educational services through Title I of the No Child Left Behind Act.
