## **Junior Privilege Form**

Dear Parent/Guardian:

Your junior may be eligible for Junior Privilege. Junior Privilege allows a student to arrive after first period, if their first period is a study hall (SIP), or leave prior to the last period if their seventh period is a study hall (SIP). Junior Privilege is recalculated each quarter; therefore students must meet all of the requirements each quarter. Teaching obligations such as a teacher/office detention or meeting with a teacher after school take precedent over Junior privilege.

In order to be granted Junior Privilege, a student must have:

- A) Passed all necessary MCAS required to graduate.
- B) Earned an academic average of 80% or better in the previous term.
- C) Few conduct referrals, determined by the Dean.
- D) No outstanding obligations (including community service).

If you believe your student is eligible and you allow them to participate in this program, please sign the form and have your student return it to the maroon office. Once the form is returned, we will determine if your student is eligible for Junior Privilege.

If your student is not currently eligible, they can request that their application be reviewed at the beginning of each term to see if they meet the requirements.
