Dear WPS Employees,

Horace Mann Insurance Company is a School-Community Partner that offers many opportunities to the employees and students of WPS. Below and attached please find a listing of these opportunities. I would especially like to point out the <http://www.Donorschoose.org> opportunity as many of you are working on developing special projects, may have supply needs, or a wish list item that is unique to your classroom. As you get close to reaching your goal, Mike Letorney of Horace Mann has generously offered to assist with the final contributions to help as many teachers as possible reach their goals.

Also attached please find letters from the MA Association of School Superintendents and the MA Elementary School Principals' Association, who support the School-Community Partnership with Horace Mann. Last year's monetary and in-kind contributions from Mike Letorney and Horace Mann for their various programs totaled \$17,566. Our sincere thanks to Mike Letorney and the Horace Mann Insurance Company for their participation as a School-Community Partner.

If you receiving funding, please consider e-mailing me about your project – I would love to come and see the projects in action!
