Food Service

Ask DESE Anything - The Answer is YES for EVERYONE

With the SFSP/SSO Waiver can we continue to offer meals for non-school days (Saturday, Sunday, Holidays) once school starts?

If we switch to SFSP/SSO, do we need to honor allergies?

Can we add SFSP/SSO sites that did not operate during the summer?

In the months that all meals are free to students, is it still recommended we run direct certifications weekly or monthly?

If we did not participate in SSO/SFSP during the summer (or, at any time previously), can we serve meals at no cost to our students?

Can we do home or neighborhood delivery?

Massachusetts Department of Elementary and Secondary Education
