DECA District 1 Competitions:

What is DECA?

DECA is a national organization for all high school students enrolled in a marketing/business program. The group is the only student organization, which prepares its members to be America's future leaders in the fields of marketing, management and entrepreneurship.

DECA operates through local marketing/business education programs and gives students the opportunity to compete with other DECA members from across the country in categories such as advertising, marketing, retail merchandising, food marketing, restaurant management, entrepreneurship, and finance and credit. These competitions take place at district, state, and national conferences during the course of the school year.

There are four main points, represented by the DECA diamond, which are emphasized in DECA. They include leadership development, civic consciousness, social intelligence, and vocational understanding.

District Competition: Quincy Marriott Quincy, MA January 10-11, fee \$130

Students will compete in one event, a Principles of Business Event, an Individual Series Event, or a Team Decision Making Event. In each event, a student takes a 100 question exam, completes a role play of a job interview, and completes another role play where they have 10 minutes to prepare before they go into Role Play event. Preparation for events takes place during school and after school. Students are given practice tests and practice role plays to review in preparation.

By competing in these events, students are immersed in career activities where they develop a strong 21st century skill set as well as prepare for college and career.
