Academy Avenue School Boston Museum of Science Fourth Grade Overnight Trip

The fourth grade class at Academy Avenue School is planning on attending a field trip to the Boston Museum of Science overnight trip. We are hoping to leave after school on Friday, May 15, 2020 at 4:30 PM to go to the Museum and then return home from the Museum on Saturday, May 16, 1, 2020. We anticipate returning back to the school by 11:30 AM on Saturday, May 16, 2020.

Students will be able to explore and discover science through an entertaining, educational, and interactive way via hands-on science activities, a Theater of Electricity/Lightning show, science demonstrations, an Omni film, as well as time to explore all of the exhibits throughout the Museum. Academy's fourth grade class did the overnight trip for the first time in 2018 and are looking to do this trip again this year.

Academy Avenue School Boston Museum of Science Fourth Grade Overnight Trip

The Fourth grade Class at Academy Avenue School is seeking the School Committee's permission to conduct a field trip to the Boston Museum of Science (overnight). We are hoping to leave after school on Friday, May 15, 2020 at 4:30 PM to go to the Museum of Science in Boston (overnight) and then return home from the Museum on Saturday, May 16, 1, 2020. We anticipate returning back to the school by 11:30 AM on Saturday morning on May 16, 2020.

Students will be able to explore and discover science through an entertaining, educational, and interactive way via hands-on science activities, a Theater of Electricity/Lightning show, science demonstrations, an Omni film, as well as time to explore all of the exhibits throughout the Museum. Academy's fourth grade class did the overnight trip for the first time in 2018, last year in 2019, and are looking to do this trip again this year in May 2020 with our 4th grade students.

Academy Avenue School is asking for School Committee's approval to do this trip in May (as we did this trip in 2018 and 2019). We anticipate the majority of our students attending the trip as we have had approximately 90% in both previous years. For those students that do not attend, it has often been due to a prior commitment or sports. Our school typically has a much closer ratio of chaperones at approximately 1 per 3 compared to the district's 1 per 15 student requirements. By attaining approval in the Winter, it will give us more time to ensure that all chaperones are both CORI checked and fingerprinting while also making sure families have time to make payments for the trip.

Thank you kindly for your consideration in this matter,
