# Fundraising Updates & the Recognition of Ronan Mannke!

Hamilton Primary School student Ronan Manke urges people to obtain a red-white-and-blue bracelet on Aug. 28 in exchange for a donation to the USO, an entertainment support group for military personnel. Ronan and several of his friends are making maroon and gold bracelets that will be sold to benefit a Nov. 28 fundraiser for a new school playground. [Courtesy Photo] *Courtesy Photo*

# Thank you

"This fundraiser stems from Ronan Manke," he said. "Ronan asked me if I would help him raise money for the playground. Ronan is involved and will be selling bracelets at the event. He is a great kid."

# The New Playground

## It Takes a Village to Raise the "Smile Factor"

Bowen says it takes him nearly 40 hours to build the display of Department 56 and Lemax decorations, but his lengthy labor of love is well worth it when he sees the kids' smiles and excitement as they return to school the Monday after Thanksgiving break.

# Thank you!

Now is the time for any questions or comments!
