

Talbot GOALS 2021-2023

Student Achievement

Goal: By June of 2023, the district will achieve an average student growth percentile of 60% or higher on the MCAS assessment

ACTION STEPS:

- Targeted small group instruction
- Regularly scheduled Walk-throughs with Math and Literacy Coaches
- Formative assessments to ensure accountability and recognized needs for intervention
- Coaches, Teachers, and Principals will conduct data meetings at least three times a year to look at and analyze student placement in small groups, as well as to drive instruction
- Staff will continue to have access to Momenta Professional Development which specializes in small group instruction.

Engagement, Empowerment & Equity

Goal: By June 2023, staff and students will have a pedagogical understanding of engagement via small group instruction and equity. All will be empowered to maximize potential. This will be evidenced by a 10% year increase in overall literacy and math scores as well as 5% decrease in SIT referral.

ACTION STEPS:

- Create grade level PLC's that will empower educators to self-reflect and establish yearly problems of practice
- Create opportunities for students /families to have voice in promoting diversity, and equity in our schools
- Continue Professional Development opportunities offered by district, district partners, and consultants
- Continue a climate that fosters inclusion
- Creative expression through the fine, performing, and applied arts
- Develop school community awareness through SEL
