Summer Nature Program 2022

Under the guidance of experienced counselors at Pond Meadow Park, the Summer Nature Program provides children ages six through eleven with a week of fun and education with nature. Through a combination of hikes, arts and crafts, fishing and more, children learn about the outdoor world around them.

Features

- Nature hikes, arts and crafts, sport
- Pond Discovery Day including fishing, contests with prizes, and a cookout lunch
- Kayaking (for the 9-11 age group)
- Bushwhack through the Park and bring home your favorite hidden treasure
- Go Mudding(?) and adopt a turtle or frog for the week
- Tie-dye your own T-shirt, socks or whatever!
- Discover nature in your own town plus much more!!

Program Details & Fee

- Staffed by counselors (CORI approved)
- Space is limited— **one session limit per child**
- Open only to Weymouth and Braintree residents (waiting list available to others if program does not fill)
- Program is held rain or shine – dress appropriately!
- No over the phone registration
- Children must bring their own lunch, drinks and snacks (NOTE: Lunch is provided on Friday)
- For more information, call the Park at 781.843.7663

Fee – \$250 per child per one week session (one week limit due to demand). Fee includes program t-shirt, group photo, and Friday lunch. **The fee is non-refundable as the program is self-funded.** Each Program Session runs 9:00 am to 3:00 pm, Monday through Friday
One Session Limit

AGE 6-8	AGE 9-11
Week 1 – July 11-15	Week 2 – July 18-22
Week 3 – July 25-29	Week 4 – August 1-5
Week 5 – August 8-12	Week 6 – August 15-19
Week 7 – August 22-26	

Registration LINK: [Summer Nature Program Online Registration](#)

Online Registration Signup for the 2022 Summer Nature Program will begin Tuesday, May 10 at 7PM. Please use the link above for registration. Registration is online only. It is recommended that an online account be set up at the link above prior to the registration date as spots fill quickly when registration begins. Birth certificates will be required at start of session.

What's your child doing this summer?

Art in Nature

weeks offered: 6/13, 7/18, 8/15

Children will use and learn different art forms while exploring the natural beauty of Holly Hill Farm.

Adventure on the Farm

weeks offered: 6/20, 7/5, 8/1

Children will use compasses, practice basic survival skills, build shelters, quest, and more during this adventurous week.

Growing Citizen Scientists

weeks offered: 6/27, 8/22

Children will learn how to be citizen scientists and contribute to ecological and conservation work through observation and data collection while also studying how nature can inspire and inform our decisions.

Check out these fun programs for grades 4-8!

Week long sessions (full and half day)...

... plus June afterschool 1-day sessions too!

Growing Drama on the Farm

2 week program: 8/1-8/12

During this two-week program, children will learn what it takes to write, direct, design, and act in a play.

Farming Education & Engineering Design (FEED)

week offered: 7/25

Children will be given the opportunity to help solve problems and meet the physical, educational, ecological, and spiritual needs of the farm and the larger farm community.

Growing a Civilization

Week offered: 7/11

Children will travel back in time before all of their basic needs were provided for them and will learn how to use what the natural world provides to meet those needs.

Farming

Week offered 6/6, 8/8

Help the farm start its day with growing, planting, weeding and harvesting. We will take on a variety of tasks that need to be completed, and explore habitats around us!
